## Host - (Plus Magic)

From Awards, conferences or any large events, Ben's warm, funny personality makes him the perfect host.

A typical hosting role will involve Ben performing his amazing magic either in one performance (approx 15-25 mins) or multiple times throughout the event. This is a fantastic way to engage and energise the audience, before formal proceedings begin.

As a former LIVE TV and Radio presenter, Ben is then able to switch from "magician" to "host/comper" in an instant and deliver whatever is required.

Ben's approach to hosting starts with a detailed prep call with the client, so that he can really understand the goals of that event. He is then able to create the perfect mixture of magic, comedy and hosting that will resonate best with that audience.

*"He has a fabulous art of captivating and engaging an audience and not just through his magic, he is genuinely an interesting and funny guy which just tops off an all-round great event host/comper. I couldn't recommend Ben highly enough."*

**Charlotte Watson, Deputy Chief Exec. of  
Lincolnshire Chamber of Commerce**

*"Ben had the entire audience transfixed from beginning to end!"*
